

16 TURNAROUND TIMES AND REPORTING

16.2 Second Opinions

When it is necessary to refer a case for a second, specialist opinion an interim report will be issued which will include the name and location of the reviewing Consultant.

The majority of cases are referred to specialists from within our Network Pathology Group. Occasionally it is necessary to refer cases to other specialists.

A list of the laboratories and specialist centres where we refer cases for second opinion are as follows:

Laboratory Address	Laboratory Address
<p><u>Urology Team;</u> <u>Haematopathology Team;</u> <u>Skin Team;</u> <u>Liver, Biliary and Pancreatic Pathology team;</u> <u>Gastric HER-2 Immuno; Breast HER CISH;</u> <u>Lung Team – ALK testing</u> <u>Renal Team - EM Testing</u> <u>Head and Neck Team</u> <u>Prof Sloane – HPV Testing</u> <u>Dr Katrina Wood - Electron Microscopy (EM)</u> <u>Laboratory - HSV Antibody</u></p> <p>Department of Cellular Pathology Level 3, New Victoria Wing Royal Victoria Infirmary Queen Victoria Road Newcastle upon Tyne NE1 4LP</p>	<p><u>EGFR – Histology & Cytology</u> <u>KRas; MSI Studies</u> <u>BRAF</u> <u>CaPP3 GENETICS</u></p> <p>Newgene Sample Reception Institute of Human Genetics Central Parkway Newcastle upon Tyne NE1 3BZ</p>
